I learned just how important we are in this community and to our customers; they see us as a value-add. From Nature to Environment For as long as human beings have practiced them, the complex and multifaceted beliefs, rituals, and moral teachings known as religion have told us how to think about and relate to everything on earth that we did not make. Sex reassignment surgery performed on unconsenting minors babies and children may result in catastrophic outcomes including PTSD and suicide-such as in the David Reimer case, following a botched circumcision when the individual's sexual identity determined by neuroanatomical brain wiring is discrepant with the surgical reassignment previously imposed.
